Mill Valley Wireless

Form 481 Line No.: 510 Compliance with Service Quality Standards and Consumer Protection

As required by Iowa Administrative Rule "199-22.6(476) Standards of Quality of Service", the local services provided by Mill Valley Wireless are provided under internal company operating procedures which are in compliance with applicable Iowa Utility Board orders and rules including:

22.6(1) Service connection. Each local exchange utility using its facilities to provide service shall make all reasonable efforts to maintain a five-business-day standard for primary connection service or within the customer-requested service connection date. All reasonable efforts to maintain the above standard shall be measured by the following:

- a. Eighty-five percent of all customers provided service within five business days of the request or the customer-requested date, whichever is later. Compliance will be measured based on a three-month rolling average.
- b. Ninety-five percent of all customers provided service within ten business days of the request or the customer-requested date, whichever is later. Compliance will be measured based on a three-month rolling average.
- c. Ninety-nine percent of all customers provided service within 30 business days of the request or the customer-requested date, whichever is later. Compliance will be measured based on a three-month rolling average.

22.6(2) Held orders.

- a. During such period of time as a local exchange utility using its facilities to provide service may not be able to supply primary telephone service to prospective customers within five business days after the date applicant desires service, the telephone utility shall keep a record, by exchanges, showing the name and address of each applicant for service, the date of application, the date that service was requested, and the class of service applied for, together with the reason for the inability to provide new service to the applicant.
- b. When, because of a shortage of facilities, a utility is unable to supply primary telephone service on the date requested by applicants, first priority shall be given to furnishing those services which are essential to public health and safety. In cases of prolonged shortage or other emergency, the board may require establishment of a priority plan, subject to its approval for clearing held orders, and may request periodic reports concerning the progress being made.
- c. When the local exchange utility using its facilities to provide service fails to provide primary local exchange service to any customer requesting service within 15 business days, the local exchange utility shall provide the customer with an alternative form of service until primary local exchange service can be provided. The alternative form of service provided shall be wireless telephone service unless the customer agrees otherwise.
- d. If an alternative form of primary service is provided, the local exchange utility is authorized to charge the customer the regular rates (if applicable) for the alternative primary service ordered, if such rates are less than the regulated rate for primary local exchange service. Otherwise, the customer will be charged the regulated rate for primary local exchange service. Where an alternative form of service is impossible to provide, the facilities-based local exchange utility shall waive all usual installation charges and, once primary local exchange service is provided, shall credit the customer's account in an amount equal to the pro-rata monthly primary local exchange charge for each day service was not provided.

22.6(3) Service interruption.

a. Each telephone utility using its facilities to provide primary service shall make all reasonable efforts to prevent interruptions of service. When interruptions are reported or found by the utility to occur, the utility shall reestablish service with the shortest possible delay. Priority shall be given to a residential customer who states that telephone service is essential due to an existing medical emergency of the customer, a member of the customer's family, or any permanent resident of the premises where service is rendered. All reasonable efforts shall be measured by the following:

(1) Eighty-five percent of all out-of-service trouble reports cleared within 24 hours. Compliance will be measured based on a three-month rolling average.

(2) Ninety-five percent of all out-of-service trouble reports cleared within 48 hours. Compliance will be measured based on a three-month rolling average.

(3) One hundred percent of all out-of-service trouble reports cleared within 72 hours.

(4) The response time for all utilities responsible to test and attempt to correct any interexchange trunk problem., except a total outage, shall be within 24 hours after the problem is reported. If the problem is not corrected within that time, the utility responsible for doing so shall keep all other affected telephone utilities advised as to the current status on a daily basis. For a total outage, the response time shall be immediate.

b. Arrangements shall be made to have adequate personnel and equipment available to receive and record trouble reports and also to clear trouble of an emergency nature at all times.

c. Calls directed to the published telephone numbers for service repair or the business offices of the telephone utility shall be acknowledge within 20 seconds for 85 percent of all such calls and within 40 seconds for 100 percent of all such calls.

d. If a customer's service must be interrupted due to maintenance, the utility shall notify the affected customer, in advance, if possible. The company shall perform the work to minimize inconvenience to the customer and strive to avoid interruptions when there is conversation on the line.

e. Each telephone utility shall keep a written record showing all interruptions affecting service in a major portion of an exchange area for a minimum of six years. This record shall show the date, time, duration, time cleared and extent and cause of the interruption. This record shall be available to the board upon request.

f. Whenever a trouble report is received, a record shall be made by the company and if repeated within a 30-day period by the same customer, the case shall be referred to an individual for permanent correction.

g. When a customer's service is reported or is found to be out of order, it shall be restored as promptly as possible.

h. Each local exchange utility using its facilities to provide service shall maintain its network to reasonably minimize customer trouble reports. The rate of customer trouble reports on the company side of the demarcation point will not exceed four per 100 access lines per month per wire center.

i. When a subscriber's service is interrupted and remains out of service for more than 24 consecutive hours after being reported to the local exchange company or being found by the company to be out of order, whichever occurs first, the company shall make appropriate adjustments to the subscriber's account. This rule does not apply if the outage occurs as a result of:

- (1) A negligent or willful act on the part of the subscriber;
- (2) A malfunction of subscriber-owned telephone equipment;
- (3) Disasters or acts of God; or
- (4) The inability of the company to gain access to the subscriber's premises.

The adjustment, either a direct payment or a bill credit, shall be the proportionate part of the monthly charges for all services and facilities rendered inoperative during the interruption. The adjustment shall begin with the hour of the report or discovery of the interruption. Adjustments not in dispute shall be rendered within two billing periods after the billing period in which the interruption occurred.

2.6(4) Repair – missed appointments. When a utility makes an appointment for installation or repair within a given range of time, and misses that appointment by over an hour, the customer will receive one month's primary local service free of charge. This is applicable to each missed appointment.

2.6(5) Emergency operation.

a. Each telephone utility shall make reasonable provisions to meet emergencies resulting from failures of power service, climate control, sudden and prolonged increases in traffic, illness of operators, or from fire, explosion, water, storm, or acts of God, and each telephone utility shall inform affected employees, at regular intervals not to exceed one year, of procedures to be followed in the event of emergency in order to prevent or mitigate interruption or impairment of telephone service.

b. All central offices shall have adequate provision for emergency power. Each central office shall contain a minimum of two hours of battery reserve. For offices without permanently installed emergency power facilities, there shall be access to a mobile power unit with enough capacity to carry the load which can be delivered on reasonably short notice and which can be readily connected.

c. An auxiliary power unit shall be permanently installed in all toll centers and at all exchanges exceeding 4,000 access lines.

d. Each local exchange utility shall maintain and make available for board inspection, its current plans for emergency operations, including the names and telephone numbers of the local exchange utility's disaster services coordinator and alternates.

2.6(6) Business offices.

a. Each local exchange utility shall have one or more business offices or customer service centers staffed to provide customer access in person or by telephone to qualified personnel, including supervisory personnel where warranted, to provide information relating to services and rates, accept and process applications for service, explain charges on customer's bills, adjust charges made in error, and, generally, to act as representatives of the local exchange utility. If one business office serves several exchanges, toll-free calling from those exchanges to that office shall be provided.

b. Upon the closing of any local exchange utility's public business office, the company must provide to the board, in writing, at least 30 days prior to the closing of the office the following information:

- (1) The exchange(s) and communities affected by the closing;
- (2) The date of the closing;
- (3) A listing of other methods and facility locations available for payment of subscriber's bills in the affected exchanges; and
- (4) A listing of other methods and locations available for obtaining public business office services.

Mill Valley Wireless certifies it has complied with these requirements and those of the FCC including Lifeline Requirements and Customer Proprietary Network Information (CPNI) rules.

 Form 481 Line No.: 1210 Terms and Conditions of Voice Telephony Lifeline

-
- Mill Valley Wireless' Lifeline service offerings are listed in their Local Service Catalog.
 - All Lifeline subscribers must meet the terms and conditions of Federal Lifeline Eligibility Rules.
-

Mill Valley Wireless does adhere to all Federal Lifeline eligibility rules and regulations as well as Iowa Administrative Code "199-39.6(476) – Universal Service Support for low-income consumers (Lifeline program and Tribal Link-Up program)" which states:

199—39.6(476) Universal service support for low-income consumers (Lifeline program and Tribal Link Up program).

39.6(1) *Carrier obligation to offer Lifeline.* Pursuant to 47 CFR § 54.405, which specifies the Lifeline obligations of eligible telecommunications carriers, all eligible telecommunications carriers must make available Lifeline service, as defined in 47 CFR § 54.401, to qualifying low-income consumers, defined as consumers who meet the qualifications for Lifeline as specified in 47 CFR §54.409.

39.6(2) *Customer notification.* Eligible telecommunications carriers shall include a description of their Lifeline offerings or discounts in their residential service agreements. Eligible telecommunications carriers shall provide the board with information about their residential service agreements upon request. Eligible telecommunications carriers shall publicize the availability of Lifeline service in a manner reasonably designed to reach those likely to qualify for service as required by 47 CFR § 54.405(b).

39.6(3) *Consumer qualification for Lifeline.* To constitute a qualifying low-income consumer, a consumer's household income as defined in 47 CFR § 54.400(f) and (h) must be at or below 135 percent of the federal poverty guidelines for a household of that size or such percentage as may be determined by the FCC or the consumer, one or more of the consumer's dependents, or the consumer's household must participate in one of the following federal assistance programs: Medicaid; Supplemental Nutrition Assistance Program; Supplemental Security Income; Federal Public Housing Assistance (Section 8); Low-Income Home Energy Assistance Program; National School Lunch Program's free lunch program; or Temporary Assistance for Needy Families. A consumer who lives on tribal lands is eligible for Lifeline service as a qualifying low-income consumer if the consumer meets the qualifications for Lifeline specified in 47 CFR § 54.409(a) or if the consumer, one or more of the consumer's dependents, or the consumer's household participates in one of the following tribal-specific federal assistance programs specified in 47 CFR § 54.409(b): Bureau of Indian Affairs general assistance; tribally administered Temporary Assistance for Needy Families; Head Start (only those households meeting its income qualifying standard); or the Food Distribution Program on Indian Reservations. A consumer may only receive Lifeline service from one telephone provider per household.

39.6(4) *Determination of subscriber eligibility.* Iowa eligible telecommunications carriers are responsible for establishing consumer eligibility for Lifeline assistance. Iowa eligible telecommunications carriers shall ensure that their Lifeline subscribers are eligible to receive Lifeline services in accordance with 47 CFR §54.410. Eligible telecommunications carriers shall:

- a.* Implement policies and procedures for ensuring that their Lifeline subscribers are eligible to receive Lifeline services;

b. Confirm a subscriber's income-based or program-based eligibility according to 47 CFR § 54.410(b) or (c);

c. Provide prospective subscribers Lifeline certification forms that comply with 47 CFR § 54.410(d); and

d. Recertify all subscribers' Lifeline eligibility annually and at 90-day intervals (where subscribers have provided a temporary address) in accordance with 47 CFR § 54.410(f) and (g).

39.6(5) *Annual certifications by eligible telecommunications carriers.* Eligible telecommunications carriers shall make and submit to the Universal Service Administrative Company (USAC) annual certifications relating to the Lifeline program as required by 47 CFR § 54.416. Eligible telecommunications carriers shall file their annual Lifeline certifications with the board as provided in 39.7(1) "a" and, if applicable, with the relevant tribal governments.

39.6(6) *Tribal Link Up.* A telecommunications carrier receiving high-cost support on tribal lands that is offering the Tribal Link Up assistance program, as defined in 199—39.2(476), to eligible residents of tribal lands, as defined in 47 CFR § 54.400(e), must provide (1) a 100 percent reduction of the customary connection charge for commencing service at a subscriber's residence, and (2) a deferred schedule of interest-free payments for the connection charge, pursuant to 47 CFR § 54.413. Prior to enrolling an eligible resident of tribal lands in the Tribal Link Up program, an ETC must obtain from the resident a certification form that complies with 47 CFR § 54.410.

39.6(7) *Audits.* Eligible telecommunications carriers shall file with the board finalized reports of audits involving the audited ETC's operations in Iowa conducted pursuant to 47 CFR § 54.420 requiring low-income program audits. The audit reports will not be considered or deemed confidential. The audit reports shall be filed with the board within 30 days of issuance of the final audit report.
